

SORORITY & FRATERNITY LIFE

Standards of Fraternal Excellence 2020-2021 Final Report

The 2020 – 2021 academic year served as the fifth official year of the Standards of Fraternal Excellence (SOFE) program. Included in this report you will find noteworthy accomplishments and programs hosted by our organizations, a community overview and comparison of completion of each standard, chapter overviews, and a detailed report for each organization that participated. The full relationship statement and description of the Standards of Fraternal Excellence program is provided in the final pages of this report for reference.

Due to the impact of COVID-19, specific SOFE standards centered on programming were made optional for organizations to submit. These standards are listed below;

- 10 Community service hours/member on average
- HQ sponsored program
- Required verification of philanthropic donations
- Program with OSFL chapter from another council
- Program with Registered Student Organization (RSO) or Campus Department
- Risk Management Program
- Diversity Program

The sorority and fraternity community continues to value completion of community service hours and philanthropic donations. Unfortunately, due to the impact of COVID-19, many service and philanthropy events were limited. Despite an interruption to the academic year, the sorority and fraternity community was still able to make significant contributions both monetarily and serving within the community.

- 27,517 service hours were logged and verified through the Jones Center for Leadership and Service.
- \$174,080.91 in donations were reported and verified. These donations were given to both local and national non-profit organizations.

Our fraternities and sororities continued to utilize the Standards of Fraternal Excellence expectations to engage in creative and impactful programming and service to their individual organizations and the campus and local communities. A selection of examples include:

- Farmhouse collaborated with the University of Tennessee Police Department to host a workshop on alcohol and drug safety.
- Delta Phi Lambda Sorority, Inc. and Lambda Phi Epsilon International Fraternity, Inc. collaborated to host “The Asian American Experience”, members from each shared different perspectives on being a part of the AAPI community.
- Phi Beta Sigma Fraternity, Inc. collaborated with the Center for Career Development & Academic Exploration to host a Resume Workshop that taught participants how to prepare a professional resume.
- Sigma Kappa hosted representatives from the Counseling Center to speak on the importance of a healthy body image and its impacts on mental health.

Standards of Fraternal Excellence - Chapter Standing

Sororities and Fraternities achieving all fourteen minimum standards will be formally recognized as Standards of Fraternal Excellence organizations.

Developmental Level - Year one after not meeting all 14 standards

Organization will be required to work with the appropriate staff member within the Office of Sorority and Fraternity Life to develop an improvement plan.

Warning Level- Consecutive year two not meeting all 14 standards

The organization advisor and/or regional representative and the headquarters organization will be involved in the coordination and implementation of a new performance improvement plan. It will be recommended that organizations in this category self-impose social and programming restriction(s) on any event other than those assessed in the Standards of Fraternal Excellence.

During a mid-year check in with an OSFL staff member, it is requested that the advisor and/or regional representative and/or a representative from the headquarters organization participate in the mid-year check in.

Unsatisfactory Level - Consecutive year three not meeting all 14 standards

An organization unable to meet minimum standards for three consecutive years will be under review with the University of Tennessee and an intentional discussion will be had involving advisors, student leaders, and Headquarters staff regarding the organization's relevancy at the University of Tennessee, Knoxville.

Chapter Development Plans

Any organization failing to meet all minimum expectations will work with an assigned Office of Sorority and Fraternity Life staff member to create a Chapter Development Plan, which will be utilized to help the organization identify ways to meet all 14 expectations. Copies of the plan will be kept on file within the office and shared with organizational leadership including chapter presidents and advisors.
