

Standards of Fraternal Excellence 2019-2020 Final Report

The 2019-2020 academic year served as the fourth official year of the Standards of Fraternal Excellence (SOFE) program. Consistent with the 2018-2019 academic year, all established organizations were expected to fully participate in the program and meet all 14 expectations.

Included in this report you will find noteworthy accomplishments and programs hosted by our organizations, a community overview and comparison of completion of each standard, chapter overviews, and a detailed report for each organization that participated. The full relationship statement and description of the Standards of Fraternal Excellence program is provided in the final pages of this report for reference.

Due to the impact of COVID-19, specific SOFE standards centered around programming were made optional for organizations to submit. These standards are listed below;

- 10 Community service hours/member on average
- HQ sponsored program
- Required verification of philanthropic donations
- Program with OSFL chapter from another council
- Program with Registered Student Organization (RSO) or Campus Department
- Risk Management Program
- Diversity Program

The sorority and fraternity community continues to value completion of community service hours and philanthropic donations. Unfortunately, due to the impact of COVID-19, many service and philanthropy events were canceled for the Spring 2020 semester. Despite an interruption to the academic year, the sorority and fraternity community was still able to make significant contributions both monetarily and serving within the community.

- 38,745 hours were logged and verified through the Jones Center for Leadership and Service. This is a 36% decrease from the 18-19 year, however, would have been on target to match the previous year had the academic year not been impacted.
- \$343,531.93 in donations was reported and verified. This is only a 9% decrease from the 18-19 calendar year and given that many philanthropic events were canceled for Spring 2020, the community would have been on target to surpass the previous year's total in giving.

Our fraternities and sororities continued to utilize the Standards of Fraternal Excellence expectations to engage in creative and impactful programming and service to their individual organizations and the campus and local communities. A selection of examples include;

- Delta Sigma Theta Sorority, Inc. collaborated with the Latin American Student Organization (LASO) to host ‘DET Tonight’, in which a discussion panel of individuals from various regions and countries were invited to speak on their experiences as immigrants in the United States and the University of Tennessee, Knoxville.
- Lambda Theta Alpha Latin Sorority, Inc. collaborated with the Student Success Center to learn more about the services their office offers. They also learned better studying techniques and time management skills.
- Phi Mu and Omega Psi Phi Fraternity, Inc. partnered to host a voter registration drive on PED walkway.
- Sigma Nu held their “Snake Daze” event which included competition events, live music, and food. All of the proceeds from the event were donated to Camp K.

2019-2020
Community Overview

*Please note that the number of required standards decreased due to COVID-19

Standard	Number of Organizations Achieving (of 45) 2019-2020*	Number of Organizations Achieving (of 44) 2018-2019	Number of Organizations Achieving (of 40) 2017-2018

Standards of Fraternal Excellence and Relationship Statement

Last Updated: July 28, 2017

Office of Sorority & Fraternity Life Mission Statement

To support a premier sorority and fraternity experience by providing educational opportunities, fostering collaborative relationships, and empowering students to uphold a mentality of ethical leadership and citizenship.

Office of Sorority & Fraternity Life Vision Statement

To be considered the model sorority and fraternity community among peer and aspirant institutions.

Purpose of the Standards of Fraternal Excellence & Relationship Statement

The Office of Sorority and Fraternity Life supports the journey of the University of Tennessee, Knoxville, in its efforts to become a Top 25 Research University. In order to best contribute to that process, the Office of Sorority and Fraternity Life, in conjunction with students, staff, faculty, and fraternal umbrella associations – the Standards of Fraternal Excellence and Relationship Statement document has been created.

The University of Tennessee recognizes that sororities and fraternities are an integral part of the campus community. These organizations have a positive impact for members, non-members, alumni, and the local and national community. To achieve mutual success for the institution and the sorority and fraternity organizations, there must be trust and shared responsibility. This document outlines the commitments of the University, the Division of Student Life, the Office of Sorority and Fraternity Life, sorority and fraternity organizations, national/international organizations, sorority and fraternity volunteers, and student members.

The Office of Sorority and Fraternity Life will provide assistance and resources for all fraternal organizations to meet the Standards of Fraternal Excellence requirements. Sororities and Fraternities at the University of Tennessee are expected to reach the minimum expectations set forth in this document. Organizations not achieving minimum expectations will work in conjunction with the Office of Sorority and Fraternity Life to create plans for improvement and future success. Sororities and Fraternities recognized by the Office of Sorority and Fraternity Life will be required to achieve these standards. Sororities and Fraternities will experience requirements above and beyond those of other

registered student organizations. All sorority and fraternity organizations will be given ample support in order to maintain compliance with these standards. The Office of Sorority and Fraternity Life will coordinate a mid-year check-in to assist the organization president and advisors in determining their progress to becoming a Standards of Fraternal Excellence organization.

The Office of Sorority and Fraternity Life will conduct an annual review of the standards each fall term. The Standards of Fraternal Excellence are subject to change as our organizations continually improve. All constituents will be made aware of any changes prior to the start of the next academic year. Organizations will need to turn in proper documentation for reviewed on their achievement of these standards each year. The review process will conclude on April 30th annually.

The Standards of Fraternal Excellence will be comprised of four categories: Scholastic Achievement, Civic Engagement, Member Development, and Administration.

Scholastic Achievement

Sororities and Fraternities at the University of Tennessee must support the academic mission of the institution by expecting that their members meet the requirements of the University in order to maintain good standing. If organizations are continually promoting scholastic achievement, students involved in sororities and fraternities shall be retained and graduate from the University at a high rate.

- 1. Maintain a 2.5 semester average G.P.A. for the fall and spring academic term**
- 2. Maintain a 2.5 semester average G.P.A. for the newest member class during their first semester in the organization**
- 3. Provide a written document that outlines a comprehensive scholarship program. Program should describe individual member academic requirements, incentives, programs, and academic goals**

**NOTE: Organizations are able to provide their scholarship plan as provided to them by their inter/national organization or they are able to provide an individually created scholarship plan.*

The Office of Sorority and Fraternity Life will support the above requirements in the following ways:

- Collect grade release signatures for chapter members and new members. Work with the University Registrar to produce grade reports for each sorority, fraternity, and Council each fall and spring term
- Collect grade release signatures and provide high school or college G.P.A.s and credit hours to organizations interested in offering membership to students
- Recognize those groups that demonstrate academic achievement higher than the all men's or all women's averages at the annual Greek Awards Banquet
- Recognize those groups achieving above a 2.5 average G.P.A with a letter of academic achievement from either the Director of Sorority and Fraternity Life, the Associate Vice Chancellor of Student Life and Dean of Students, or the Vice Chancellor of Student Life
- Assist organizations by supplying information on academic related support programs sponsored by the University
- Ensure that Councils host roundtables and/or one-on-one's for the respective officer responsible for academic success in each organization
- Promote individual member scholastic achievement by following objectives or programs noted in Council bylaws
- The Office of Sorority and Fraternity Life and/or the Student Success Center is available to assist chapters in developing academic improvement plans

- For any organization that fails to meet the expected GPA minimum in either semester, the Office of Sorority and Fraternity Life will automatically connect organizational leadership with the Student Success Center

Civic Engagement

As Volunteers, it is expected that students at the University of Tennessee demonstrate selfless acts of support to the community and deserving organizations. The Torchbearer’s Creed reads, “One that beareth a torch shadoweth oneself to give light to others.”

- 4. Log on the service hours tracker (<https://trackyourhours.utk.edu/login.php>) an average of 10 hours of community service per member in the organization each academic year**
- 5. Coordinate one fundraiser or philanthropy event each year**

Service to the Community is defined as follows:

“Action taken to meet the needs of others and to better the community as a whole.”

**NOTE: Trackable hours do not include leadership positions held within organizations or campus departments, or time spent planning or attending a philanthropy event.*

**NOTE: It should be understood that all fundraising and philanthropic activities are to be coordinated without any alcohol/drug use by members or guests.*

The Office of Sorority and Fraternity Life will support the above requirements in the following ways:

- Ensure that Councils host roundtables and/or one-on-ones for philanthropy and fundraising officers for each organization
- Collect potential dates for fundraisers or philanthropies from organizations and calendar those dates to best avoid overlapping events
- At the request of the organization, attend, participate, and/or judge fundraisers or philanthropy events or community service opportunities
- Communicating opportunities for service through multiple forms of communication
- Coordinate with the Center for Leadership and Service to provide training to chapter officers so that they can accurately teach their organization members to report community service through the online service reporting form located at <https://trackyourhours.utk.edu/login.php>
- The Center for Leadership and Service can provide organizations with a list of logged hours at any point in the semester with at least two weeks prior notice

- The Center for Leadership and Service will provide a service medallion to wear at graduation if a student has completed and logged 100 or more community service hours during their undergraduate career

Member Development

Cultivating the development of life, social, and civil skills of members is an important facet of the sorority and fraternity experience. Organizations at the University of Tennessee have amazing opportunities for collaboration, education, learning, and experience at their fingertips.

- 6. Have a representative attend the annual Greek Leadership Summit in its entirety**
- 7. Have a representative at a headquarters sponsored (regional or national level) leadership/skill based meeting or training**
- 8. Coordinate one alcohol free program or event with a fraternity or sorority from another council at least once an academic year**
- 9. Coordinate one alcohol free program or event with either (choice 1) another registered student organization not recognized as a sorority or fraternity within the Office of Sorority and Fraternity Life; OR (choice 2) with a campus department at least once an academic year**
- 10. Coordinate or attend a risk management program at least once an academic year**
- 11. Coordinate or attend a program which focuses on diversity at least once an academic year**

**NOTE: Organizations are allowed to double-dip or triple-dip in this category. For example, if an organization co-sponsors a risk management program with another sorority/fraternity in another Council as well as a campus department, that one program can count for #8 another sorority/fraternity from a difference council, #9 campus department, and #10 risk management. (Ex: Kappa Alpha Psi Fraternity Inc. and Alpha Chi Omega together host a Spring Break safety program with the University of Tennessee Police Department).*

Organizations may have programmatic expectations or financial limitations that may prohibit their participation in a regional, national, or international leadership/skill based training. The Office of Sorority and Fraternity Life will be flexible in permitting these organizations to meet the Standards of Fraternal Excellence requirements by coordinating a training session here in Knoxville. Organizations wishing to utilize an exception must provide

written documentation by February 1st of the review year to the Office of Sorority and Fraternity Life.

The Office of Sorority and Fraternity Life will support the above requirements in the following ways:

- The Office of Sorority and Fraternity Life will conduct a Greek Leadership Summit program for each organization president. The Greek Leadership Summit will serve as a relationship building/enhancement, skill development, community building, and goal setting retreat. Presidents are expected to attend. In the circumstances that a president is unable to attend, that organization can work with the Office of Sorority and Fraternity Life to determine a reasonable alternate participant
- The Office of Sorority and Fraternity Life will provide advice for organizations looking to partner on alcohol free programming and foster connections to meet sororities and fraternities on other councils
- The Office of Sorority and Fraternity Life will coordinate one community wide risk management program and one diversity program annually open to the sorority and fraternity community
- The Office of Sorority and Fraternity Life will provide examples of programs that would fit the categories above on the Office website and staff will be available to discuss potential programs
- The Office of Sorority and Fraternity Life will promote campus-wide programs that can meet the requirements in this section in Greek Connect, the Office's monthly newsletter and through other regular communication efforts

Administration

A solid relationship between organization and institution is built on continuous trust and communication. In an effort to exchange the most recent and relevant information, Office of Sorority and Fraternity Life forms, rosters, and campus registrations must be filed in a timely manner.

12. Update Vollink campus student organization registration by the stated deadline on an annual basis

13. Turn in an accurate chapter roster each semester by the stated deadline to the Office of Sorority and Fraternity Life

14. Meet twice each semester with assigned OSFL Coach.

The Office of Sorority and Fraternity Life will support the above requirements in the following ways:

- The Office of Sorority and Fraternity Life will communicate expectations on how rosters are to be updated and maintained
- The Office of Sorority and Fraternity Life will distribute the change of officer/advisor form
- The Office of Sorority and Fraternity Life will collect officer and advisor contact information and disseminate that information out to the appropriate individuals
- The Office of Sorority and Fraternity Life will work with the Center for Student Engagement to train organizations on how to successfully complete the registration process

Standards of Fraternal Excellence - Chapter Standing

Sororities and Fraternities achieving all fourteen minimum standards will be formally recognized as Standards of Fraternal Excellence organizations.

Developmental Level - Year one after not meeting all 14 standards

Organization will be required to work with the appropriate Assistant Director within the Office of Sorority and Fraternity Life to develop an improvement plan.

Warning Level- Consecutive year two not meeting all 14 standards

The organization advisor and/or regional representative and the headquarters organization will be involved in the coordination and implementation of a new performance improvement plan. It will be recommended that organizations in this category self-impose social and programming restriction(s) on any event other than those assessed in the Standards of Fraternal Excellence.

During a mid-year check in with the Assistant Director, it is requested that the advisor and/or regional representative and/or a representative from the headquarters organization participate in the mid-year check in.

Unsatisfactory Level - Consecutive year three not meeting all 14 standards

An organization unable to meet minimum standards for three consecutive years will be under review with the University of Tennessee and an intentional discussion will be had involving advisors, student leaders, and Headquarters staff regarding the organization's relevancy at the University of Tennessee, Knoxville.

Chapter Development Plans

Any organization failing to meet all minimum expectations will work with an assigned Office of Sorority and Fraternity Life staff member to create a Chapter Development Plan, which will be utilized to help the organization identify ways to meet all 14 expectations. Copies of the plan will be kept on file within the office and shared with organizational leadership including chapter presidents and advisors. A blank example can be found on the following page.
